MEET THE PEOPLE WHO PROTECT AND COLLECT OUR CLASSIC COMICS & STRIPS

MONTHLY THEME

Newspaper comic strips helped to create the comic book as we know it today, with the earliest collections of popular daily strips of the era serving as a springboard for the stories of adventure, mystery, and super-heroics that followed. Comic strip material from the 1930s to today is still being collected more and more each year; fan-favorite, little-known, and even obscure strips are being painstakingly cleaned up, enhanced, and collected for a whole new audience to experience once again. This month's issue of ***PREVIEWS*** is filled with dozens of comic strip, as well as comic book, collections, both new and backlist. LOOK! THEY'RE GIVING THE MONSTERS THEIR OWN OMNIBUS!

THANKS, MARVEL! YOU FINALLY GOT MY MESSAGE...

Sometime in mid-to-late 1971, I was stuck at home, sick with the chicken pox. I was miserable. So my mom did something she had never done before: she bought me a stack of comic books from the drugstore. There were all sorts in the stack as I recall, but the issue that stood out to me, and that would set me off on a lifelong love of comics, was Marvel's *Creatures on the Loose* #13 featuring "Moomba", an alien that looked like a Tiki statue come to life. From that day forward, I sought out all of the monster comics — especially those by Stan Lee and Jack Kirby — I could find... it was the beginning of Marvel's "monster" era of the '70s.

Of course, that era came to a close after a few years, but I never lost my love or appreciation for the Kirby monsters. It seemed that everyone else had all but forgotten about them... except for the odd Fin Fan Foom appearance. I always tried to be the Kirby Monster booster... but it seemed to fall on deaf ears. Well, thanks to Cullen Bunn (creator of *The Sixth Gun*), the classic Lee/Kirby monsters of yore are returning in Marvel's latest and — dare I say — greatest crossover event yet: *MONSTERS UNLEASHED*! They're back and ready to destroy the Marvel Universe. Why? Who cares?! It's Kirby Monsters vs. Everybody! I'm so happy about this...

Your Pal @ ***PREVIEWS***,

LOOK! BOXES!
THEY MADE *MONSTERS UNLEASHED* BRANDED COLLECTOR BOXES!

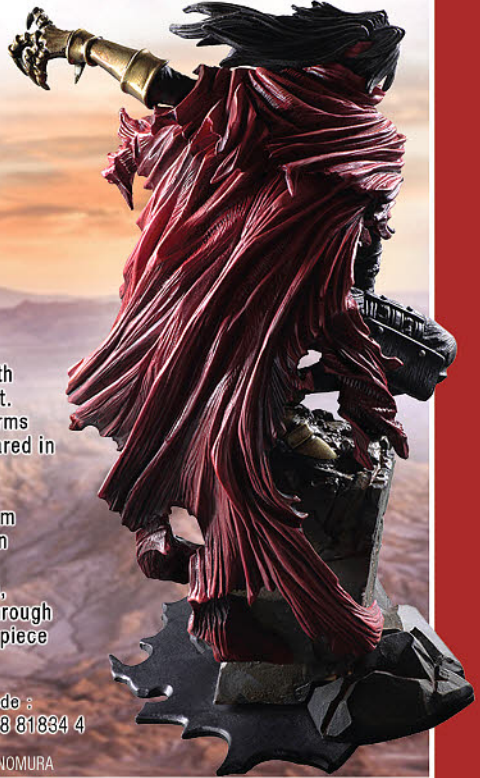
FINAL FANTASY VII ADVENT CHILDREN



STATIC ARTS GALLERY
FINAL FANTASY VII
VINCENT VALENTINE

SRP: $49.99 Release: MAR 2017
STL029968

The epic world of FINAL FANTASY VII remains hugely popular, with many spin-off and related series products continuing to come out. Vincent Valentine, one of the key characters in the story, now forms the subject of this high quality statue, depicting him as he appeared in FINAL FANTASY VII Advent Children.
Perched atop a pile of rubble, Vincent's long hair and cape blow dramatically in the wind, while his stance, brandishing the custom tri-barreled handgun Cerberus, hints at his awesome superhuman abilities and mysterious personality.
In addition to an overall design with a clever awareness of depth, the contrast between different areas is beautifully brought out through subtle coloring, coming together to create a masterful sculpture piece with an overwhelming sense of presence.

BATMAN™: ROGUES GALLERY – THE JOKER – Designed by HITOSHI KONDO

Release: FEB 2017
SRP $199.99
STL029308

The DC Comics Variant Play Arts KAI line announces its latest collection: the BATMAN™: Rogues Gallery series! This mashup of Batman's classic silhouette with the beloved villains of his Rogues Gallery results in a never-before-seen design collaboration - East meets West, Good meets Evil.

The JOKER™, one of Batman`s greatest Super-Villains, enters the Rogues Gallery series!

A tattered straitjacket is erratically adorned with dynamite, a flower, cans of pepper spray, and an alarm clock. Combined with his playing cards and a pistol with a flag as interchangeable parts, this ensemble shows the character's madness, oozing from within.

The pale skin and bloodshot eyes accentuate his eerie quality, while his trademark purple and green lend dark shadows to his coloring. The bat mark roughly painted on his chest can almost be construed as a laughing mouth. It seems to make a mockery of Batman, offering a glimpse into how The Joker's twisted mind ticks.

Please tell us a bit about yourself!

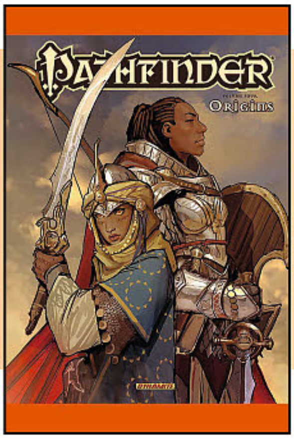
I'm a writer, editor, publisher, gamer, comics junkie, and armchair historian. I collect comics, science fiction pulp magazines, Ouija boards, and books about the occult. By day I'm the Publisher and Chief Creative Officer of Paizo, Inc., makers of the *Pathfinder Roleplaying Game*, which I have guided since before the beginning. I'm a former Editor-in-Chief of *Dragon*, *Dungeon*, and *Polyhedron* magazines, the co-founder of the *Living Greyhawk* and *Pathfinder Society* "organized play" RPG campaigns, and a long-time contributor to *Dungeons & Dragons*, *Pathfinder*, and other tabletop roleplaying games. I live in the Ballard neighborhood of Seattle with my girlfriend, my pug, and a room full of old books.

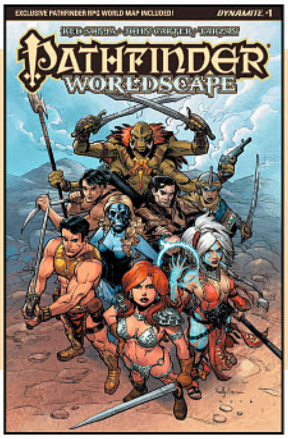
What are your favorite projects you've contributed to over the past decade?

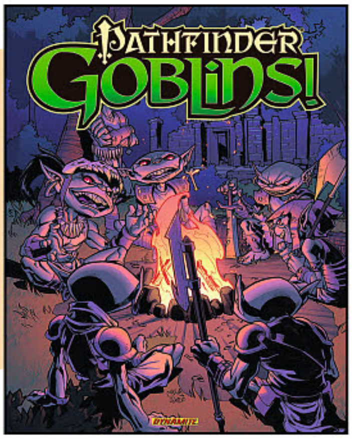
I co-created *Pathfinder's* world of Golarion, which has expanded over literally hundreds of books to become one of the most fully realized sword-and-sorcery settings ever published. It's absolutely crazy to me to see how it has grown over the years, and while there are a few elements of the world that I have fiercely protected as "my own" since its launch in 2007, what's been most interesting and gratifying is seeing how other game designers, novelists, and comic book writers and artists have taken ideas that started in my brain and moved them in amazing directions that I could never have imagined myself. It's been particularly cool to see our world translated into comics by authors like Jim Zub, and over the past couple of years my favorite creative projects have been the comic scripts I've been able to contribute to Dynamite's line of *Pathfinder* comics. My fascination with tabletop roleplaying games like *D&D* and *Pathfinder* literally started on the same day as my fascination with comics when my dad bought a small collection of both and gave it to me as a little kid, so getting a chance to create stories inspired by both comics and games has been a nice way to tie it all together, all these years later.

What are you currently working on?

My current project is *Pathfinder: Worldscape*, a six-issue comic series that sees the *Pathfinder* adventurers Valeros the fighter, Seoni the sorcerer, Kyra the cleric, and Merisiel the rogue transported to a bizarre prison dimension designed to draw in the greatest warriors of three worlds. There, they encounter a cavalcade of sword-&-sorcery superstars like *Red Sonja*, *John Carter of Mars*, *Tarzan*, *Thun'da*, and others drawn from Dynamite's vast catalog of amazing fantasy and pulp-inspired characters. Together, these heroes work to thwart the machinations of Red Sonja's wizardly arch-foe, Kulan Gath, who has sinister plans of his own for the Worldscape and its mighty inhabitants! Dynamite challenged me not just to include their major characters, but to draw in interesting public domain characters from the long history of fantasy comics, which brought me to others like Fantomah, Camilla, Queen of the Lost Empire, Kalkor and other even more obscure and interesting heroes and villains. Weaving it all together — while still leaving room for an interesting story about people, rather than just a string of cameos — has been an exciting challenge, and one of my all-time favorite creative projects. Along the way, every issue of *Pathfinder: Worldscape* also features an RPG appendix I'm also writing, providing official *Pathfinder RPG* stats for the book's guest-stars. I've already figured out how to translate Red Sonja into *Pathfinder*, and I'm currently working on John Carter's best friend, the green Martian, Tars Tarkas, who appears in issue #2.







What fun titles are you reading?

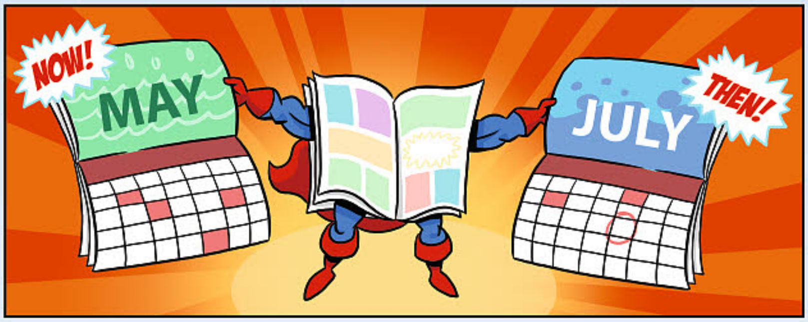
There's so much unique and interesting stuff coming out right now I feel incredibly spoiled for choice. Some of my favorite reads over the last couple weeks include former *Pathfinder* writer Jim Zub's Cthulhu/Hollywood mash-up, *Glitterbomb*, the space opera police procedural *Hadrian's Wall* from Kyle Higgins (with beautiful art by Rod Reis), and the *Lake of Fire*, by Nathan Fairbairn and Matt Smith. The latter is an historical fantasy set during the Catholic Church's Albigensian Crusade against the French Cathars in the 1200s, a little-explored era that holds great interest to me. Smith's art gives the whole thing a storybook flair I find particularly appealing. Great stuff!

USER'S GUIDE

There's *a lot* of awesome comics and products to look through in ***PREVIEWS***. "A lot" might be a bit of an understatement, as each month's catalog is filled with hundreds and *hundreds* of pages of upcoming comics and related merchandise! It can be easy to accidentally overlook a new series you've been dying to read or a figure you've been pining to add to your shelf when there's so many things to browse. That's why we've put together this guide to help you learn how to use ***PREVIEWS*** like a pro to order the awesome titles and products you want!

WHAT EXACTLY IS *PREVIEWS*?

PREVIEWS is part catalog, part magazine (we call it a *Mag-a-log*!) of monthly listings of all of the upcoming comic titles and related products from your favorite publishers and manufacturers in one convenient place. And don't worry—***PREVIEWS*** is organized by publisher and product type (and color-coded to boot!), to make it easy to find and flip to the section or items you're looking for. Each item listing has the information you need, such as format, size, page count, price, release date, stock or item code, and descriptive text, and nearly every listing is accompanied by artwork or images.



The most important aspect of ***PREVIEWS*** to remember is that **items solicited in the catalog are anticipated to ship 2-3 months later (or more)**. For example, if you found a comic you wanted in the **May** issue of ***PREVIEWS***, you can expect to see it turn up in your local comic shop in **July**. The catalog can be a great resource for figuring out where your favorite comic series is going, or for discovering new ones that you'll want to add to your library—not to mention all the other awesome products!

HOW DO I ORDER FROM *PREVIEWS*?

When you've picked out all of the items you want, you can fill out the **Short Order Form** included in your copy of ***PREVIEWS*** and submit it to your local comic shop. You can also ask your friendly neighborhood retailer about obtaining a **Customer Order Form**, a booklet that contains a complete listing of all the items made available for that month. These forms make pre-ordering your comics and products a breeze and can help your local comic shop decide what to stock in the store for other customers, too! Be sure to also ask your retailer about their **pullbox or subscription service**. Once you've submitted your order, you can sit back and relax, or try to contain your excitement until your comics and merchandise arrive!

Where The Magic Of Collectibles Comes Alive!

Metropolis Reports Record for CGC 9.2 Hulk #1

Metropolis has reported a sales record set when they brokered the sale of the CGC-certified 9.2 Northland pedigree copy of *Incredible Hulk* #1 for $375,000. It came just two years after the same issue sold for $326,000 in August 2014.

Metropolis COO Vincent Zurzolo said the sale demonstrates the potential for growth when investing in high grade, key issues.

"The CGC census shows just one 9.4, which will never be sold, and four 9.2s so the pickings above 9.0 are slim. The buyer has made a sound investment which will only continue to reap rewards down the line, should he choose to sell it," CEO Stephen Fishler said.

Flash Gordon Original Nets $60K at Philip Weiss

Original Sunday page artwork for the *Flash Gordon* comic strip, done by illustrator Alex Raymond (1909-1956) and dated 1/24/1937, sold for $60,375 in an auction held September 8 by Philip Weiss Auctions.

The *Flash Gordon* strip, commissioned in 1937 by King Features Syndicate, was the top achiever in an auction of about 600 lots that grossed right around $600,000. The strip showed Flash and Dale battling a Magnoped, with great action for both key characters. The lot was truly fresh to the market, having only recently been pulled from a noted cartoonist's estate.

Mad Hatter: More Evil Than Mad

In 1948 the villainous Mad Hatter, who bared a striking resemblance to *Alice in Wonderland*'s Hatter, made his first appearance in *Batman* #49. Created by Bill Finger and Lew Sayre Schwartz, Mad Hatter, entered Gotham as a neuroscientist turned criminal. Mad Hatter, a/k/a Dr. Jervis Tetch, has genius-level intellect, suffers from immaturity, an obsessive-compulsive disorder, and is highly delusional. He identifies so much with Lewis Carroll's character that he often has a hard time discerning between those stories and reality.

What's Cool in this Month's Catalog!

November 2016 | Edited By: **Allyn Gibson** | editor@*PREVIEWS*world.com

MONSTROUS ARMAGEDDON IS AT HAND IN *MONSTERS UNLEASHED*

The new year starts with a bang — quite literally! — for the Marvel Universe when giant monsters descend on the Earth and begin to wreak havoc, destroying cities, burning towns, and fighting with one another. Only the combined might of Earth's heroes can defeat the monsters and save the Earth in Marvel Comics' *Monsters Unleashed!*, coming this January from Cullen Bunn and an all-star roster of artists, beginning with Steve McNiven!

Though Marvel's heroes have their differences, when Earth is endangered by the threat of enormous monsters, the heroes have but one choice — save Earth and its people from the rampaging monsters! Featuring monsters from the pre-history of Marvel Comics to the present day, with monsters created by Jack Kirby, Steve Ditko, Don Heck, and Herb Trimpe to more recent monsters, some of whom haven't been seen in decades, *Monsters Unleashed!* unites the past and present of Marvel Comics in a high-intensity throwdown between Marvel's heroes and Marvel's monsters for the fate of the world!

Cullen Bunn, the acclaimed writer of *Deadpool Kills the Marvel Universe*, unleashes monster mayhem on the Marvel Universe in *Monsters Unleashed!* Each issue features 30 pages of monster fighting action, including full-page and two-page spreads, drawn by an all-star roster of artists — Steve McNiven, Adam Kubert, Greg Land, Salvador Larroca, and Leinil Francis Yu — kicking off with McNiven in the first issue.

Shipping biweekly from January to March, the five issue *Monsters Unleashed!* is an epic of action, mayhem, and monster action from Cullen Bunn and five of Marvel Comics' top artists. This January, witness the monster apocalypse!

But the past may not be as immutable as has always believed, and it may be possible for Angel to change the past to save the future!

Written by Corinna Bechko with art by Geraldo Borges, Dark Horse Comics' *Angel Season 11* continues the story of the tormented yet heroic vampire and ties into the ongoing Buffy the Vampire Slayer mythos!

TITAN

NEW CRIME THRILLER FROM DIRECTOR OF *THE WARRIORS* WALTER HILL!

HARD CASE CRIME

FEATURED ITEM

This October, Titan Comics launched *Peepland* and *Triggerman* - the first titles in their daring new Hard Case Crime comics imprint. Written by legendary director/screenwriter, Walter Hill (*The Warriors, The Getaway, 48 Hrs., Geronimo, Undisputed, Deadwood, Broken Trail*), *Triggerman* is a Prohibition-era crime epic that perfectly captures the gritty nature of the genre.

In early 2017, Walter Hill returns to the comic world with the surgical/noir thriller, *(re)ASSIGNMENT*. We sat down with the visionary himself to discuss his next comic book series, which has already been adapted into a brand new film – starring Michelle Rodriguez and Sigourney Weaver!

Take it away, Walter!

INTERVIEW WITH WALTER HILL

Can you tell us more about *(re)ASSIGNMENT*? It was originally published as a standalone graphic novel by French publisher, Rue de Sevres.
Yes, under the title, *Corps Et Âme* (*Body and Soul*). It's my second effort in this discipline. The motion picture and the graphic novel were actually written under the title *Tomboy*. Unfortunately, the title didn't translate well into French, so Rue de Sevres decided to come up with *Body and Soul*.

How did the project come about?
I need to give Denis Hamill credit here. Denis wrote the first draft, which my agent sent to me. I liked it, bought the original story, changed it, and turned it into a movie script and then a graphic novel, which I gave to Matz.

How did your working partnership with Matz and Jef first happen?
I met Matz in New Orleans while working on *Bullet to the Head* which is an adaption of his graphic novel of the same name. I knew his work and was very fond of *La Tueur* (*The Killer*), which was an excellent series of graphic novels. We just kinda hit it off and now you're sitting there with the end result...

***(re)ASSIGNMENT* has garnered its fair share of controversy already. Some say the premise is lurid and low...**
I say that. And plead guilty. The movie was attacked before it had even gotten made. We were kidding ourselves if we didn't think this was going to be controversial; we've had both defenders and attackers coming forward – but that's okay. It is lurid, comic-booky, and noir-ish but was never meant to be about gender reassignment. At its heart, it's a revenge story. And a Mad Scientist story. To be told that certain subjects are totally off limits or that they're sacrosanct, seems to me to be the worst kind of censorship.

The story really turns the issue of gender-dysphoria on its head.
Our main character, Frank Kitchen, may end up 'altered', but he's still a guy inside.

Do you like writing in the graphic novel format?
Very much. It's like running wind sprints when you're used to running the mile. And I love the covers Titan have been commissioning for the HCC line – Fay Dalton's work is splendid.

Now that *(re)ASSIGNMENT* has received the Hollywood treatment, do you plan to make *Triggerman* into a movie?
I'm in the middle of a couple of things right now. After the movie premieres, I'll try to figure out what I want to do next, but *Triggerman* is certainly on the table.

Do you have any possible sequels to *Triggerman* / *(re)ASSIGNMENT* in the pipeline?
Matz and I are currently talking about a sci-fi project, which will probably be the next thing we do together. I already have 60 or 70 rough pages written of the *Triggerman* sequel and around 40 pages of material for a *Tomboy* follow-up. They still need polishing, but I really don't want to see either franchise wither away as I'm fond of them both. I hope to turn Frank Kitchen into more of an urban vigilante role, whereas the *Triggerman* sequel will explore more of Roy Nash's backstory.

(RE)ASSIGNMENT #1 IS AVAILABLE TO ORDER NOW!

WHAT WAS IT? WHAT DID YOU SEE?
A WHOLE LOT OF BUGS. A REALLY DISGUSTING FLOWER. AND...
AND WHAT?
AND ME.
YOU?
PRETTY NARCISSISTIC, HUH?
WAIT A MINUTE!
THIS COULD BE IMPORTANT. YOU CAN'T JUST IGNORE IT! WHAT IF IT'S ABOUT THIS EXORCISM?
IT'S NOT. IT WAS MORE LIKE A MEMORY. SOMETHING THAT ALREADY HAPPENED.
THAT'S NOT HOW IT WORKS, AND YOU KNOW IT. WE'RE SUPPOSED TO DO SOMETHING.
WE JUST HAVE TO FIGURE OUT WHAT.
I KNOW YOU'RE TRYING TO HELP, BUT THERE'S NO WE HERE. THIS IS ON ME. THERE WAS A DEFINITE FEELING OF...
I DON'T KNOW, SOMETHING BAD. REALLY...BAD.
AND IT WAS ALL TIED UP WITH SEEING MYSELF AS I USED TO BE--AS ANGELUS--WITHOUT A SOUL.
SO I HOPE YOU UNDERSTAND WHY I'D LIKE YOU TO STAY OUT OF IT.

YOU MIGHT BE AN ARTIST IF...

writer/artist/cover **Lauren Purje**

Certified Cool

With a BFA, solo exhibitions, and work experience at a New York gallery, Lauren Purje has spent plenty of time in the art world…consider this her cry for help.

You Might Be An Artist If… collects several years of her comic strips about the ups and downs of life in the arts. Her wry and relatable sense of humor animates every page, tying together flights of fancy, bitter grumblings, motivational pep-talks, self-doubt, procrastination, and inspiration.

Capturing the moments that remind us why we take art seriously — but not TOO seriously — Purje's comics are a perfect handbook for anyone living the creative life.

FLIGHT OF THE RAVEN

writer/artist/cover **Jean-Pierre Gibrat**

Jean-Pierre Gibrat's lushly colored graphic novel is one of the most stunningly beautiful comics of the 21st Century. The story takes place in Paris during the German occupation and stars a memorable heroine in the French Resistance fighter named Jeanne. With the help of an apolitical cat burglar named François, she tries to save her comrades, including her missing sister Cécile, from the Gestapo. They walk in the places between shadows, as Gibrat uses the evocative Paris rooftops and river barges on the Seine almost as separate characters. The book also includes a portfolio of pin-ups featuring its heroine.

Teenage heroes for hire, *Generation Zero*, have been called in to a mysterious corporate-funded town to investigate corruption and murder!

From The Archives: Comics Conservators!

What's old is new again. That statement is becoming more and more true each year as classic comic strip and comic book material is collected for a new generation of readers to enjoy. These are often more than mere reprints; original artwork is often sourced, cleaned up, and duplicated with state-of-the art software, for the best possible reproductions possible. This month, as we celebrate all of the great material emerging "From the Archives", we spoke with four folks on the frontline of bringing us that which is "old"… and making it "new" again!

CHARLES PELTO, PUBLISHER / CLASSIC COMICS PRESS

Please tell us a bit about yourself and your project!

Since 2006, with our initial project *Leonard Starr's Mary Perkins On Stage* (Vol. 1/ NOV121031), Classic Comics Press has been reprinting classic American comic strips such as Stan Drake's *The Heart of Juliet Jones*, Frank Godwin's *Rusty Riley*, and *Dondi* by Gus Edson and Irwin Hasen, and we're currently in the process of restoring and reprinting the entire 17-year (1951 to 1968) run of *The Cisco Kid* (Vol. 2/OCT131028) by Jose Luis Salinas.

When selecting a project to be preserved in an archival edition what is your criteria?

Classic Comics Press, working with syndicates, archival museums, and collectors around the world, strives to find the best possible source material for reprinting.

Did you source the original art for this project? If so, how hard was it to track down the materials?

No. With the help of a number of collectors in both the US, Europe and South America, Classic Comics Press has managed to rebuild the entire 18 year run of The Cisco Kid. The source material includes newspaper clippings as well as production proofs for numerous years.

Fifty years from now, when the editors of tomorrow are archiving today's comics, what are the three top titles you think they should consider?

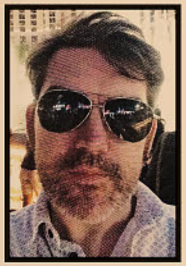
The comic strips of the '50s to '70s are rapidly disappearing, and it is my hope that such comic strips classics as *Apartment 3-G*, *Friday Foster*, and *Robin Malone* are assembled and reprinted before they totally disappear.

DAN HERMAN, PUBLISHER / HERMES PRESS

Please tell us a bit about yourself and your project!

Hi, I'm Dan Herman, publisher of Hermes Press and we've been producing archival reprints since 2003. We started with Gil Kane and Ron Goulart's *Star Hawks*. Since that time we've reprinted *Buck Rogers* (MAY141448), *Roy Rogers: King of the Cowboys* (OCT101046), *Brenda Starr* (MAY111109), *Mike Hammer* (MAY121178), *Johnny Hazard*, George Wunder's *Terry and the Pirates*, Milton Caniff's *Male Call* and *The Phantom*. Hermes Press has also published art books on such noteworthy strip artists as Walt Kelly and Alex Raymond. We've also reprinted the comic book versions of *Pogo* (which actually started out in the four color world and then became a strip), *Steve Canyon*, *Brenda Starr* and *The Phantom* (the Gold Key, King and Charlton versions of "The Ghost Who Walks").

One of the projects that we're working on now, which is legitimately special — we've being searching for the material for a *long* time — is *Frank Robbins' Johnny Hazard Archival Sundays: 1944-1946* (JUL141289). Robbins' *Johnny Hazard* is one of the great underrated gems of comic strip history. His style, while reminiscent of Sickles and Caniff, is really uniquely his own and the stories are classic action/war/soldier-of-fortune material. The first two years of Sundays are a tour-de-force and we're reprinting them full size in their original tabloid format. This book will be the closest thing to holding the original tear-sheets, as with our *Phantom Sunday Archival Edition* (Vol. 1/SEP141466). The characters and stories in these Sundays are so well done they're timeless. These Sundays preserve a time, place, attitude, and point of view that's historically now considered to be a classic period for drama, the 1940s to 1950, and *Johnny Hazard* is clearly akin to the great films of this era. It's absolutely a must that material of this quality be preserved so it can be read and enjoyed by generations to come.



KEITH RICHARDSON, SR. GRAPHIC NOVELS EDITOR / REBELLION

Please tell us a bit about your project!

In August 1981 a deal was struck between IPC (who owned *2000 AD* at the time) and a British national newspaper tabloid called *The Daily Star*, to produce a *Judge Dredd* strip that would run in the newspaper every Saturday. That strip went on to run for over 16 years (changing from daily to weekly in 1986) and helped to establish *Judge Dredd* as a household name in Britain. We have started to collect up all of these strips in hardback trades titled *The Daily Dredds*(Vol. 1/SEP141584). So far there are two volumes with plans for a third in the near future.

When selecting a project to be preserved in an archival edition what is your criteria?

Ask any British *Judge Dredd* fan and they will tell you that the newspaper strips are amongst some of the best Dredd material ever published. They also appeal to people who read the strips in the paper and enjoyed them, but didn't necessarily want to go out and buy a comic book. There is material in both collections that has never been reprinted before outside of their original appearance in the paper.

Did you source the original art for this project? If so, how hard was it to track down the materials?

Without access to the newspaper archive we had to scan from old collections and reach out to our fans. It's a bit of an old cliché, but we really do have some of the best fans in the world. Many have spent thousands of pounds and loads of time seeking out some of these original strips, while many more still had old newspaper clippings that they had saved for years and kept in a really good condition. They have been invaluable in terms of getting this material out there again.

Fifty years from now, when the editors of tomorrow are archiving today's comics, what are the three top titles you think they should consider?

Three titles are not enough! Certainly all of *2000 AD* deserves to be archived — it *is* the "Galaxy's Greatest Comic" after all!

(W) Octavia Butler, Damian Duffy
(A/CA) John Jennings
A graphic-novel adaptation of Octavia E. Butler's groundbreaking science-fiction classic offers an unflinching look at slavery, race, and the role of women in society. Butler's most celebrated, critically acclaimed work tells the story of Dana, a young black woman who is suddenly and inexplicably transported from her home in 1970s California to the pre-Civil War South. As she time-travels between worlds, one in which she is a free woman and one where she is part of her own complicated familial history on a southern plantation, she becomes frighteningly entangled in the lives of Rufus, a conflicted white slaveholder and one of Dana's own ancestors, and the many people who are enslaved by him. E.V.I.L. HEROES TP

Recommended by Trevor Richardson

For anyone familiar with Zenescope Entertainment, *E.V.I.L. Heroes* feels like a departure, perhaps even an inspired departure, from their usual fare. For the past year or more, Zenescope has been doing a lot of great work to grow beyond their branding as "that Grimm's Fairy Tale publisher." With this new undertaking, written by one of the company's founders, Joe Brusha, the mythology of the superhero is viewed through the scope of the old adage "absolute power corrupts absolutely." These characters have powers, but they definitely aren't heroes. These super-powered baddies drop on society like a nuclear bomb, quickly toppling the world's governments, and establish themselves as absolute rulers and Earth's new gods. The normal folk are left with a choice – bow down and submit or resist and risk the destruction of the entire human race.

The book has great art by art by Eric J, Crizam Zamora, and Marco Lesko which manages to reference familiar Zenescope imagery while also paying an incendiary tribute to classic superhero iconography. More to the point, it feels as if Zenescope is saying they are no longer content to just be "that fairy tale publisher" by taking the superhero mythos, America's own original fairy tales, and turning it all on its head.

E.V.I.L. Heroes reads as a declaration of intent from a publisher that is ready to challenge the status quo – both of a genre and of their own image in the industry at large.

This is the true story of a few men who built empires and consolidated their power until the city could no longer tolerate their kind. Through the 1930s and '40s, Herbert Noble and Benny Binion rose from poverty to make their fortunes in gambling, prostitution, and narcotics distribution. The violence between these two rival gangsters became so bloody, one eventually had to escape the city…while the other had to die.

- When King Mancastle and his mighty vassals ride off on crusade, the women left behind are not at all put out—that's a lot less armor polishing for them to do. Of course, when the men get themselves eaten by a dragon and leave a curse that attracts monsters to the castle...well, the women take umbrage with that.
- Now the blacksmith's wife Merinor is King, Princess Aeve is the Captain, and the only remaining (and least capable) knight Sir Riddick is tasked with teaching the ladies of the castle how to fight, defend, build, and do all manner of noisy things the men had been doing while the women assumed they were just drunk.
- Novelist Delilah S. Dawson *(Star Wars: The Perfect Weapon, As Wicked as She Wants, Wake of Vultures)* brings her first original series to comics, and is joined by breakthrough illustrator Ashley A. Woods *(Niobe: She Is Life)* for a rollicking fantasy adventure featuring women reclaiming their lives on their terms.

MR, Color, 48 pages, Monthly

About: Hell won the eternal struggle long ago, and has been secretly ruling humanity ever since. With Hellina as their ultra-powerful enforcer, it seems nothing can change that. But even greater plans for final domination are made, and as the forces of Heaven catch wind, they have no choice but to make a valiant effort to turn the tide. All the holy warriors, the angelic forces, have been snuffed out or defeated. The burden falls to Yael, an angelic warrior who has seen the horrors of war for hundreds of years. Not hung up by concepts like right and wrong, she has to earn victory, for the greater good, by any means. So she sets about gathering the worst together for the best of reasons. Those that are unforgiving, unredeemed, unapologetic, and undefeated. They are the UNHOLY.

WHO ARE THE UNHOLY?

ONYX

A sultry and cold blooded assassin-for-hire with a zeal for killing. She's the only human to have committed Seraphacide—she killed an Angel. Despite that atrocity in the eyes of Heaven, on whose side would they rather have her fighting? Onyx has an arsenal of weapons and equipment tailor made to kill anything supernatural and she uses them frighteningly well.

ARGENT

She's been imbued through unnatural bloodlines with an inhuman ability to control her living hair. She uses her weaponized braids as lethal instruments of death and also has the uncanny talent of rendering people physiologically haywire with her stare. She's playing this game for now, but is secretly seeking revenge for the death of her family.

CHRISTINE

A young woman devoted to god and church her whole life, she has her world torn apart when she finds out that her pastor father is a key figure in Hell's ultimate plans. She's been genetically manipulated from inception, fused with both angelic and demonic traits, to make her a vessel for Hell's grand finale!

RHAPSODY

Torn between worlds, she was a feisty human goth girl fated to ascend as an Angel at time of her death. But she was ripped from that destiny by the Ravening turning her vampire. Trapped between lives she struggles with her pure heart birth-righted to heaven and her yearning for human blood forced on her by the Ravening.

WEBWITCH

Her psyche is already pulled between two worlds, the humans and the Spider-Nation alien race, now she gets forcibly yanked into a new dimension! Dropped in the middle of the ages old war between heaven and hell, she begrudgingly joins the Unholy in their crusade.

TWILIGHT

The daughter of the God Zeus, who centuries ago was captured by her uncle Hades as leverage in a disastrous feud with Zeus. That fight ended with Twilight forgotten and entombed. Now she's been discovered and if they can free her, that legendary power is exactly what the UnHoly need to take on Hellina.

PURSUER

On a quest to end the scourge of the Ravening, his immortal blood has seen him wage war over the millennia. But he has been fighting a losing battle, and hopes to turn the tide with new allies. He's also fallen in love with Yael and will do anything she asks.

YAEL

A veteran Angel of death who fought in the original war in Heaven when Lucifer tried to overthrow God. Strong and hardened by the unending battles, she is obsessed with setting things right and bringing down Hell. She is ready to do whatever it takes, no matter the cost, which makes her the perfect leader to bring together the UnHoly.

THE RIFT #1

Recommended by Jay Spence

It's not the first time Kansas has been the nexus of strange activity in comics but, this January, a new bizarre and "alien" phenomena is crash landing in "the wheat state" from Red 5 Comics. This time, however, the significant part isn't *where* it came from but, *when*.

The Rift refers to the fracture in space-time that unexpectedly opens up and allows a sole American fighter pilot to coincidently fly through and crash land in present-day Kansas. When a mother and son witness the crash, they help Lieutenant Cole, escape his fiery wreck and he's understandably confused to find himself 75 years in the future. For Cole, it's been only seconds since he last battled the Japanese fighter planes but, for the rest of us, his recent battle in World War II is now only a distant memory. While the mother, son, and Cole all struggle to comprehend the odd "time travel" event, a shadowy scientific organization has tracked the rift event and they are swiftly closing in on Cole. According to the scientists tracking Cole, the rift poses a far greater threat to our world than just a man "lost" in time.

I love a good time travel story so I'm always ready to try a book like this, but it's the quality of the story that keeps a series going and writers Richard Rayner and Don Handfield are crafting an engaging story that leaves readers eager to find out what's next.

COLLECTS ISSUES 1-10 AND FEATURES SKETCHES & DESIGNS BY MARK DOS SANTOS!!

Acclaimed graphic novelist Garth Ennis (Preacher, The Boys) explores the highs and lows of love! Thrill-seeking Valerie's been getting dirty phone calls, but when she goes to take revenge on the pervert responsible, she meets Myles, the man of her dreams. Of course, Myles is a gentlemanly hitman who just executed said pervert, and while that's a turn-on for Valerie, she unwittingly becomes a target for several unsavory types... including the gangster Mister Monsta. Meanwhile, Valerie's sister has her hands full with her boyfriend Marv, whose kinky fixations have just become painfully apparent. Meanwhile, Marv's friends launch a dubious scheme to get rich... leading the gang on a collision course with Myles' employer. Love blossoms while bullets fly, in a wildly irreverent romantic farce that only Garth Ennis could tell!

THE ABOMINABLE MR. SEABROOK SC

(W/A/CA) Joe Ollmann

Journalist and travel writer William Buehler Seabrook was willing to go deeper than any outsider had before, participating in voodoo ceremonies, riding camels cross the Sahara desert, communing with cannibals and most notably, popularizing the term "zombie" in the West. A string of his best-selling books show an engaged, sympathetic gentleman hoping to share these strange, hidden delights with the rest of the world. But, of course, there was a dark side. Seabrook was a barely functioning alcoholic who was deeply obsessed with bondage and the so-called mystical properties of pain and degradation. What led the popular and vivid writer to such a sad state? (STL029505)

MID-LIFE GN

(W/A/CA) Joe Ollmann

Mid-Life is the story of John, who at 40 becomes a father again with his much younger second wife, which results in a slow, painful attack by flowered baby bags and front-facing baby carriers on his former virility and self-identity. John always believed that age is a state of mind; however, his adult daughters, baby son, energetic wife, stressful job, house full of cats, and flabby body — complete with bloated stomach and sagging bosom — all lead John reluctantly to admit that he is having a mid-life crisis. The *Gasoline Alley* gang enters a new decade with this volume: Skeezix moves from childhood to early adolescence and the high spirits of the 1920s give way to the Great Depression of the 1930s. Walt and Phyllis Wallet travel to England, an extended tour that echoes the real life journey taken by cartoonist Frank King and his family in the late 1920s. While his parents are away, Skeezix tries to solve the mystery of an arsonist. Now entering his teens, Skeezix comes to the fore of the strip as an adventurous boy surrounded by a gang of likeminded pals, and Gasoline Alley becomes an influential pillar of teenage-culture. THE MLJ COMPANION SC

Recommended by Steve Leaf

I don't know why I have a fondness for the Golden Age and the comic book characters of that era, but I think it began with GB Love's *Illustrated Comic Book Collector's Handbook*. There I became aware of characters like The Black Hood, Steel Sterling, The Comet and many others in what was part of MLJ Publications.

In Twomorrows Publishing's *MLJ Companion* there is so much about the history and pre-history of the company responsible for the first patriotic superhero The Shield, The Hangman, the teen comics with the introduction of Archie, The Fly, and Private Strong and the start of the Mighty Crusaders, and even turning The Shadow into a super-hero.

If you began reading comics in the sixties, you will find info about the Simon & Kirby series like The Fly which introduced a young Neal Adams to comic readers, while also showcasing creators like Larry Ivie, Al Williamson, and Jack Davis among others. As the Direct Market grew, so did Archie's foray back into superheroes with the advent of the Red Circle line.

With a new *Riverdale* television series due on the CW, I guess you could say "Everything Archie," but it's not the only thing as you read about the rich history that came before and after Archie.

As they say, MLJ all the way!

FARMER NED'S COMICS BARN
DIRECT MARKET EXCLUSIVE!
by Gerald Jablonski
$30.00 / SC / 100 pgs / FC / 9" x 13"

Finally, what the world has been waiting for — a big, oversized collection of Gerald Jabolonski's psychedelically underground, absurdly avant-garde comics! Jablonski has been comics' best-kept secret for decades, telling the tales of imposter ants, bear-faced grumps, and stoic farmers with pun-laden word balloons that wildly snake around the page. This book also includes a discussion with Gary Groth, the artist's first interview in print. Jablonski belongs in the ingeniously baffling auteur pantheon with John Cage, James Joyce, and Andy Warhol. Yes, you read that right.

Assembling Cuneo's best privately drawn sketchbook pages, each page immediately introduces us to unique takes on sex and domestic life in his signature squiggly style. *Not Waving But Drawing* is full of dark thoughts, lightly rendered.

By Anna Haifisch
$19.99 / HC / 64 pgs / FC / 6.5" x 8.7"

Anna Haifisch's idiosyncratic graphic novel chronicles the experiences of a young artist, satirising the exclusive and frequently absurd world of fine art. Plagued by doubts and anxiety, the artist is confronted with constant setbacks punctuated by occasional, surprising glimpses of recognition. Based on Haifisch's own experiences as an illustrator, *The Artist*'s sharp and self-deprecating observations resonate with the current generation, especially those who make art.

This exciting tale, written by Frederic Brremaud, is told without narration or dialogue, conveyed entirely through the beautiful illustrations of Federico Bertolucci. SIX DAYS IN CINCINNATI GN

(W/A/CA) Dan Mendez Moore

The graphic history of the 2001 Cincinnati riots, told for the first time from the perspective of the participants. This was the first major uprising of the 21st Century, matched only the LA riots a decade before and the protests in Ferguson over a decade later. Mendez Moore's comics journalism account sensitively captures a fiery moment in U.S. history through interviews with protesters, community leaders, bystanders, and a frustrated looter. *Six Days* is an all-American story of systemic racism and the power of popular movements, more relevant today than ever before. Soviet Daughter provides a window into the life of a rebellious, independent woman coming of age in the USSR, and the impact of her story and spirit on her American great-granddaughter. Julia's great-grandmother Lola lived through the Bolshevik revolution, civil war, Stalinist purges, and the Holocaust. She taught herself to read and worked as a secretary for the NKVD (which became the KGB) and as a lieutenant for the Red Army. Interwoven with Lola's history we find Julia's own struggles of coming of age in an immigrant family in Chicago, and her political awakening in the midst of the radical politics of the turn of the millennium. OCTAVIA BUTLER'S KINDRED GN

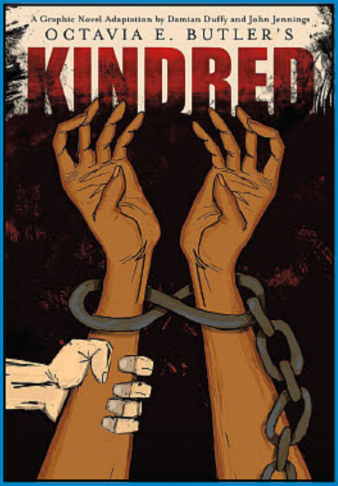
Recommended by Sarah Martinez



Any science fiction aficionado will recognize Octavia Butler's name. She pioneered new "norms" in speculative fiction with her minority and female protagonists. Her concepts were groundbreaking and her writer's voice unparalleled both for complex world-building and individual characterization. Countless awards and a lifetime's work later, you and I, gentle readers, are about to see her work made available in a whole new format. After nearly four decades since its first prose publication, Kindred, Butler's award-winning cross-generational science fiction odyssey, debuts this month as a graphic novel adaptation. Comic fans, we are so lucky!

Dana, an African-American woman of the modern era, repeatedly time-travels against her will to the plantation owned by her great-great-grandfather. Via these mysterious teleportations, Dana repeatedly rescues her white great-grandfather Rufus over the span of his life, always appearing when he needs her most. When he is a child, saving him is easy and gratifying, even if her method of travel is sudden and terrifying. As her ancestor ages, his troubles become more complex and his attitudes and assumptions are often hateful or degrading. Dana continues to save Rufus, knowing that until her own grandmother is conceived and born, she must keep her great-grandfather alive or she will cease to exist.

Butler's narrative casts a broad light on the evils of slavery to be sure, but more importantly, it brings out subtle shadows in the entirely human cast of characters both white and black. Further, and perhaps even more vividly, are the contrasts between historical and modern perspectives. Where these points of view meet and influence one another, the results yield understanding, healing, and hope.

Sci-fi super-star humanizes history with temporal travel, tackling tough topics with a tender touch!

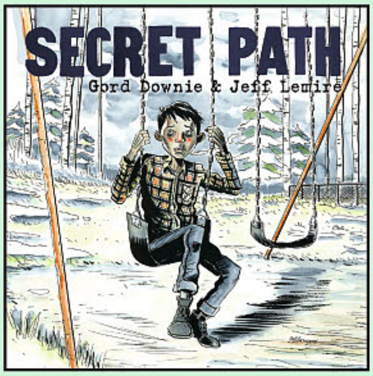
SECRET PATH GN



(W) Gord Downie
(A/CA) Jeff Lemire
Secret Path is a ten song album by Gord Downie with a graphic novel by illustrator Jeff Lemire that tells the story of Chanie "Charlie" Wenjack, a twelve-year-old boy who died in flight from the Cecilia Jeffrey Indian Residential School fifty years ago. Chanie, misnamed Charlie by his teachers, died on October 22, 1966, walking the railroad tracks trying to escape from the Cecilia Jeffrey Indian Residential School to return to his home 400 miles away. He didn't know where it was, nor how to find it, but, like so many kids he tried. *Secret Path* acknowledges a dark part of Canada's history, the long suppressed mistreatment of Indigenous children and families by the residential school system, with the hope of starting the country on a road to reconciliation. (W) Ed Peter Maresca (A) Various (CA) Philippe Ghielmetti

CLASSIC COMIC STRIP REPRINTS

From 1900 to 1915, American newspapers offered some of the most beautiful and fascinating comics ever printed. Complete runs of *Kinder Kids*, *Wee Willie Winkie*, *Nibsy the Newsboy*, *The Explorigator*, plus *Dream of the Rarebit Fiend* and a dozen more. A genuine treasure of classic comics, all in the original size and colors. (STK440477)

MEGA MAN BOARD GAME

Recommended by Matthew Demory

I am absolutely positive that I spent more money as a kid renting some of the classic 8-bit *Mega Man* games than it would have taken to buy them. Back then I didn't have the money to buy every game I wanted outright, but spending a few bucks every weekend to rent a game was a good alternative. Playing as the Blue Bomber, blasting through stages, trashing enemy Robot Masters, and absorbing their power until I came face-to-face with Dr. Wiley, was extremely addicting and kept me busy for hours.

Now, as an adult, I've managed to collect the majority of the series and with Keiji Inafune's departure from Capcom, I thought my *Mega Man* collection was as complete as it was going to get. Then I saw the Mega Man board game from Jasco…

The game faithfully recreates the spirit of the classic 8-bit series that many of us grew up with. Up to six players compete to clear stages and defeat robot masters. Once players have defeated two robot masters, you can then move on to Dr. Wiley's stage and work to defeat the game's iconic end boss. The twist of the game is that while you are playing to clear a stage your fellow players can control enemy minions and robot masters to take away precious hit points or extra lives!

If you're a fan of the classic video game series like I am, be sure to grab some friends, some spare energy tanks, and pick up the *Mega Man Board Game* from Jasco!

RETRO GLAMOUR PHOTOGRAPHY OF MARK ANTHONY LACY

(W/A/CA) Mark Anthony Lacy

While candy-colored pin-up may be popular with some, this is a collection of dark, sexy images that truly reflect the sophisticated side of the pinup genre. Seemingly ripped from the men's magazines of yesteryear, these photos are so authentic looking down to the smallest detail as if they were actually taken decades ago. Bullet bras, seamed stockings, high heels, and girdles bursting at the seams! Leave the cutesy stuff behind. Internationally published photographer Mark Anthony Lacy specializes in bringing out the allure and sensuality of his female subjects. He combines his backgrounds in art, architecture, film, and photography to create incredibly authentic vintage tableaus in his New York studio. (STL027984) (C: 0-1-0)

MATCHBOX TOYS SC

(W) Nick Jones

Matchbox Toys were ubiquitous items for children across the Western world. Originally labelled Christmas-cracker trash by retailers and shopkeepers, the small-scale 1-75 series soon began to see unprecedented worldwide sales in the 1950s. Smaller and cheaper than most of its competitors' toys, Matchbox models were also far more accurately modeled. In this beautifully illustrated book, Matchbox collector Nick Jones tells the story of Matchbox and its most famous toys, from the Coronation Coach to the Batmobile, and complements the story with beautiful, previously unpublished photographs. (STL027997) (C: 1-1-0) **NOTE:** Available only in the United States, Canada, and U.S. Territories.

THE BRITISH INVASION!: ALAN MOORE, NEIL GAIMAN, GRANT MORRISON AND THE INVENTION OF THE MODERN COMIC WRITER SC

(W) Greg Carpenter
(CA) Kevin Colden

Moore. Gaiman. Morrison. They came from Northampton, West Sussex, and Glasgow, and even though they spoke with different dialects, they gave American comics a new voice, one loud and clear enough to speak to the postmodern world. Like a triple-helix strand of some advanced form of DNA, their careers have remained irrevocably intertwined. Taken individually, their professional histories provide an incomplete picture of the British Invasion, but together they redefined the concept of what it means to be a comic book writer. Collectively, their story becomes the story of mainstream comics in the modern era. It's the story you're about to read. (STL028282)

He has designs on the destruction of Lilly and her crew and now, for the first time, he has the means to bring a special brand of hell down upon the tunnel dwellers. The final confrontation between these two human factions unleashes an unthinkable weapon — forged from the monstrous hordes of undead, perfected by a madman, and soaked in the blood of innocents. MARVEL'S BLACK WIDOW: FROM SPY TO SUPERHERO SC
(W) Sherry Ginn
First appearing in Marvel Comics in the 1960s, Natasha Romanoff, a.k.a. Black Widow, was introduced to movie audiences in *Iron Man 2* (2010). Her character has grown in popularity with subsequent Marvel films, and fans have been vocal about wanting to see Black Widow in a titular role. Romanoff has potent appeal: a strong female character who is not defined by her looks or her romantic relationships, with the skill set of a veteran spyfirst for the KGB, then for S.H.I.E.L.D. This collection of new essays is the first to examine Black Widow and her development, from Cold War era comics to the Marvel Cinematic Universe. (STL029084) (C: 0-1-0)

75 YEARS OF MARVEL: FROM THE GOLDEN AGE TO THE SILVER SCREEN HC

THE SILVER AGE OF DC COMICS 1956-1970 HC
(W) Paul Levitz
(A) Neal Adams, Carmine Infantino
With super heroes nearly extinct at the start of the 1950s, DC Comics reignited the fire that would make them central to modern popular culture by infusing them with science fiction elements. DC's writers and editors spun ever-more fantastic tales, bringing super heroes and Bob Hope alike into the realm of sci-fi. The results were transformative, delivering the first-ever "reboot" of Golden Age greats with the Flash, Green Lantern, and Hawkman as well as the hit TV show *Batman*. *The Silver Age of DC Comics* chronicles it all. (W) Paul Levitz, Dennis O'Neil
(A) Neal Adams, Carmine Infantino
(CA) Neal Adams

With an undeniable mass appeal, Christopher Reeve's *Superman* cemented the role of the superhero as America's most enduring archetype, and the comic book as one of the country's most significant native art forms. That art form, however, was already moving in a new direction. Influenced by the emergence of underground comics and shifting political tides, DC's line of comics was increasingly aimed at adults. Socially relevant subjects such as drug addiction, racism, and women's rights had entered the mainstream, and comics weren't just for kids anymore. *The Bronze Age of DC Comics* includes an original interview with *Green Lantern/Green Arrow* writer Denny O'Neil. THE MORAL NARRATIVES OF HAYAO MIYAZAKI SC

(W) Eric Reinders

Widely regarded as Japan's greatest animated director, Hayao Miyazaki creates films lauded for vibrant characters and meaningful narrative themes. Examining the messages of his 10 full-length films, from *Nausicaä* (1984) to *The Wind Rises* (2013), this study analyzes each for its religious, philosophical and ethical implications. Miyazaki's work addresses a coherent set of human concerns, including adolescence, good and evil, our relationship to the past, our place in the natural order, and the problems of living in a complex and ambiguous world. Exhibiting religious influences without religious endorsement, his films enjoin nonjudgment and perseverance in everyday life. (STL029077) (C: 0-1-0)

ALIENS SERIES 9 7-INCH-SCALE ACTION FIGURES

From NECA. Celebrate the 30th Anniversary of *Aliens* with three extraordinary action figure debuts! Series 9 includes the first-ever *Private Vasquez* and *Private Frost* figures with authorized likenesses, as well as an *Albino Alien* concept figure based on the original James Cameron screenplay. Private Jenette Vasquez is one of the most requested action figures of all time and features the likeness of Jenette Goldstein. Private Ricco Frost — known as "Frosty" to his fellow Marines — comes to action figure form for the first time with the likeness of actor Ricco Ross. The Albino Alien is NECA's first concept figure from the 1986 movie. It was inspired by the original James Cameron screenplay, which describes an albino version of the Xenomorph that has an excreting probe in place of the usual second inner mouth. The Albino Alien has over 30 points of articulation and features a bendable mouth probe and a frightening new color scheme. All figures stand approximately 7″ tall (Albino Alien is over 9″ tall) and come in 30th Anniversary clamshell packaging. (STL025338) **Item has been previously solicited in *PREVIEWS Plus*.** (6338/51611) (C: 1-1-2) **NOTE:** Available only in the United States, U.S. Territories, Canada, and the U.K.

Figure $24.99

ALIEN: FOSSILIZED SPACE JOCKEY FOAM REPLICA

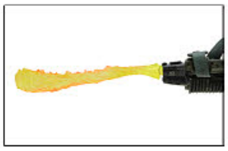
From NECA. As seen in the 1979 horror classic *Alien*, this stunningly detailed replica of the Fossilized Space Jockey is perfect as a diorama element and a striking display piece on its own! It's perfectly in scale with NECA's line of 7″ figures, which means that it's appropriately massive: two feet long, over 18″ tall, and the circular base is 18″ in diameter! The Fossilized Space Jockey is made of hand-painted foam rubber and latex with all the details you see in the movie. Comes packaged in a sturdy reinforced corrugated box. (STL027384) **Item has been previously solicited in *PREVIEWS Plus*.** (6338/51628) (C: 1-1-2) **NOTE:** Available only in the United States, U.S. Territories, Canada, and the U.K.

Statue $350.00

ALIEN: TRANSLUCENT CONCEPT FIGURE 1/4-SCALE ACTION FIGURE

From NECA. Due to popular demand, NECA's bringing the first concept figure from Alien to the quarter-scale format! In the iconic 1979 horror movie, the skin of the Xenomorph was meant to be almost transparent. The suit was originally cast in a translucent flesh-tone but repeated difficulties with the material forced the change to the dark coloring seen in the movie. This incredible action figure stands over 22″ tall and has a hinged jaw that opens to reveal an inner mouth that extends for realistic movie action. It has 25 points of articulation, including double knee joints and a bendable tail, and extra attention has been paid to all the eerie details that made Giger's designs for *Alien* so mesmerizing. One production run only. (STL029299) **Item has been previously solicited in *PREVIEWS Plus*.** Scheduled to ship in November 2016. (6338/51626) (C: 1-1-2) **NOTE:** Available only in the United States, Canada, and U.S. Territories.

Figure $119.99



ALIENS 30TH-ANNIVERSARY RIPLEY: & NEWT DELUXE ACTION FIGURE 2-PACK

From NECA. Continuing the *Aliens* 30th anniversary celebration, NECA presents a special edition action figure 2-pack that recreates the movie's classic poster! That iconic image of Ripley rescuing Newt appears on the front flap of the deluxe packaging; open the flap and the figures are posed in the box just as they appear on the poster. Ripley stands approximately 7″ tall and features a new head sculpt and new deco, both exclusive to this set. She comes with a flamethrower accessory that has a special "fire effect" attachment. Newt stands approximately 5″ tall. Both feature authorized likenesses and have over 25 points of articulation for dramatic poses. A great display piece both in and out of the box! (STL026476) **Item has been previously solicited in *PREVIEWS Plus*.** Scheduled to ship in December 2016. (6338/51608) (C: 1-1-2) **NOTE:** Available only in the United States, U.S. Territories, Canada, and the U.K.

2-pack $44.99

ALIENS: 30TH-ANNIVERSARY DELUXE CREATURE PACK

From NECA. To celebrate the 30th anniversary of the Aliens, NECA is releasing a deluxe creature pack that includes some frequently requested favorites from the terrifying movie! These six pieces will make for some mind-blowing dioramas, since they're perfectly in scale with our line of 7″″ figures. Set includes 2 Stasis Chambers with LED Lights (press a button to cast an eerie glow on the facehugger preserved within), 2 Chestbursters with bendable tails, and 2 Facehuggers with bendable tails. (STL028332) **Item has been previously solicited in *PREVIEWS Plus*.** Scheduled to ship in November 2016. GAME OF THRONES

GAME OF THRONES: ROYAL CROWN OF KING ROBERT BARATHEON LIMITED EDITION PROP REPLICA

From Factory Entertainment! Feel like the King of the Seven Kingdoms with this replica of the crown worn by Robert Baratheon in the first season of HBO's blockbuster series, *Game of Thrones!* The development team was able to borrow an original screen-used prop that was carefully studied and a direct casting was taken to ensure accuracy. When studying the original prop we discovered it was made from lightweight material that looked like metal but was not actually metal. However, each Factory Entertainment replica is crafted from actual metal to give it a heavy and suitably regal feel in the off-screen world. The replica includes a specially designed iron sword motif display stand, the allows the replica to rest on the hilts of 4 swords. A numbered limited edition, each replica includes an individually numbered plaque medallion cast in metal and is presented in a full color box with a Certificate of Authenticity. LIVING DEAD DOLLS: "SHOWTIME" BEETLEJUICE DOLL

From Mezco. Beetlejuice, that "ghost with the most", is back and ready to bring his unique blend of horrific hilarity to your home! Tim Burton's Academy Award-winning film *Beetlejuice* not only introduced the title character, but forever branded his garishly colored, surrealistic antics into the collective minds of moviegoers. In one of the film's most memorable scenes, Beetlejuice transforms into a highly stylized nightmare carousel. As a hellish band of bizarre creatures encircle his head, his arms transmogrify into mallets. Now this moment is forever captured by the *Living Dead Dolls: "Showtime" Beetlejuice!* Dressed in his trademark black and white striped suit, he wears a phantasmagoric carousel headdress. The suit features elongated sleeves that can be unfurled just as they did in the film. Once the sleeves are elongated, the included mallet heads can be attached to the ends to perfectly replicate Beetlejuice's appearance in that unforgettable scene. The *Living Dead Dolls: "Showtime" Beetlejuice* comes packaged in a collector friendly window box so he can be displayed without having to say his name three times. He stands 10-inches tall (without headdress) and features five points of articulation. (STL030192) Scheduled to ship in November 2016. (4830/94700) (C: 0-1-2)

Mezco's designers have created an all-new head sculpt that perfectly captures his look in the popular film series, and Chucky speaks four movie-accurate phrases when a discreetly-placed button on his back is activated. Packaged in a sturdy, collector friendly die-cut window box (inspired by the packaging seen in the films!) the *Child's Play: Good Guys 15-Inch Mega Scale Chucky* doll is sure to become a focal point of any *Chucky* collection! He is the Everchosen, Exalted Grand Marshal of the Apocalypse and Ender of Worlds, and it is a worthy warrior indeed who can fight by his side. Such Knights of Ruin are known as the Varanguard. Only by answering the call of Archaon can a warrior of Chaos ascend to their ranks, and acceptance is never guaranteed, for their mettle must first be proven. In this dark tale, three fell champions of the Chaos Gods all heed the call of the Everchosen. Each desires the ultimate prize: to become part of the Varanguard. But where one is chosen, others will fail, for Archaon's will is cruel and his trials exacting. (STL029003) (C: 0-1-0)

MEGA MAN BOARD GAME

Recommended by Matthew Demory

I am absolutely positive that I spent more money as a kid renting some of the classic 8-bit *Mega Man* games than it would have taken to buy them. Back then I didn't have the money to buy every game I wanted outright, but spending a few bucks every weekend to rent a game was a good alternative. Playing as the Blue Bomber, blasting through stages, trashing enemy Robot Masters, and absorbing their power until I came face-to-face with Dr. Wiley, was extremely addicting and kept me busy for hours.

Now, as an adult, I've managed to collect the majority of the series and with Keiji Inafune's departure from Capcom, I thought my *Mega Man* collection was as complete as it was going to get. Then I saw the Mega Man board game from Jasco…

The game faithfully recreates the spirit of the classic 8-bit series that many of us grew up with. Up to six players compete to clear stages and defeat robot masters. Once players have defeated two robot masters, you can then move on to Dr. Wiley's stage and work to defeat the game's iconic end boss. The twist of the game is that while you are playing to clear a stage your fellow players can control enemy minions and robot masters to take away precious hit points or extra lives!

If you're a fan of the classic video game series like I am, be sure to grab some friends, some spare energy tanks, and pick up the *Mega Man Board Game* from Jasco!

FROM THE ARCHIVES

FROM THE ARCHIVES INTERVIEW: Scott Dunbier

IDW's Artist Editions present classic comic book art as it was originally created, beautiful pen & ink pages scanned in color to capture every line and every nuance to be found on the originals. The man behind this series is IDW's "Special Projects Editor", Scott Dunbier. Since coming to IDW in 2008, he has turned his love of original comic art into this award-winning collector series, presenting material originally published by Marvel, DC, EC, and others, and illustrated by some of the industry's most legendary creators. This month, Scott talks about the Artist's Edition series, the process behind each volume, and where the collector-favorite series is headed…

PREVIEWS: January is the annual "Artist's Edition Month"! What is the story behind the creation of the "Artist's Editions" at IDW?

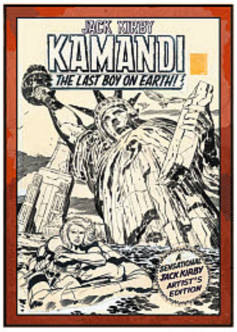
Scott Dunbier: I have a background as comic book art dealer, I did that before becoming an editor at WildStorm Productions in 1995. One of the perks of being a dealer was seeing so much beautiful art, including many complete stories. One of the artists I dealt with was Steve Dillon. I bought all of the *Preacher* issues starting with the first one, and would read each story from the original art. I loved it! That, along with discovering how much better color copies of original art looked than plain old black-and-white ones, were the core inspirations. Before I got to IDW, I was already planning on doing Artist's Editions. So when I landed here, Ted Adams (IDW CEO & Publisher) liked the idea and we ran with it. To date we've done more than 50 AE-style books… pretty crazy!

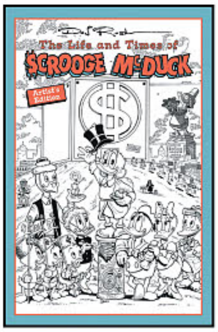
P: When selecting projects for the line, what are the criteria you use and what does it take to pull an edition together?

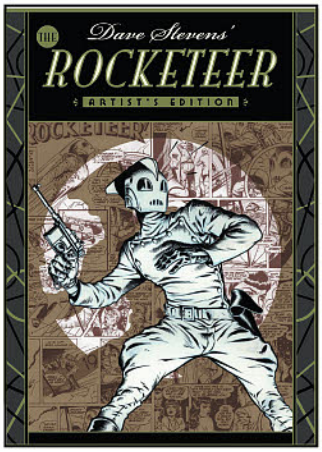
SD: There are several factors. The creator, the owner (Marvel, DC, creator-owned?), availability of the originals — so many times people make great suggestions and ask why I haven't put together a book of their favorite artist. I tell them if they can find the art for me, *I will*! The next step is to scan the original art. My preference is to scan everything at IDW, or to go on the road on a scanning trip. If that isn't possible, then we do use outside professionals. If the scans do not meet our exacting standards we don't use them. The whole point of these books is to mimic the experience of seeing the actual art, not to just print black-and-white versions.

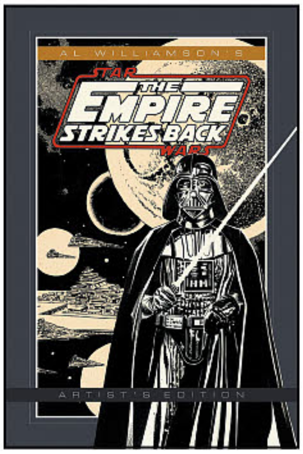
P: As gathering the archival materials for each volume might involve many sources, how many Artist's Editions are "in progress" at any given time?

SD: At the moment I have five or six that are active, and a bunch that are slowly being worked on over time. Many more in my head.









P: Is there any material that has eluded you thus far? Is there stuff you just can't find anywhere?

SD: Plenty — too much!! I would kill to do a volume of Jack Cole's *Plastic Man*! It just doesn't exist... at least not that I can find. Lots more... Reed Cradall's *Blackhawk*. Can you imagine an entire book of Mac Raboy or Lou Fine?!

P: What was the most difficult volume to produce to date?

SD: Probably one of the Artifact Editions. Since they are not complete stories, collecting pages can be difficult and very time-consuming. *Watchmen* was tough.

P: How is it that, despite the Comic Book Cold War going on now among the industry's largest publishers, IDW appears to have no difficulty working with them to produce these volumes re-packaging material they originally published? Are you Comic Book diplomats, or just super nice guys?

SD: A bit of both, I think. Between Greg Goldstein (IDW President and CEO) and myself, we have lots of long relationships with people at Marvel, DC, EC, RRB and more. Our partners trust us — they know we'll treat their babies like we would want them to treat ours.

P: Can you tell us about any new volumes presently in the works?

SD: Currently putting the finishing touches on the first *Jack Kirby's Fantastic Four* book. It's going to be a special one, has issues #71, Annual #6 (a 48-pager!), #82-84, and a terrific gallery section. My biggest problem is deciding what to leave out! Also have a *Reed Crandall's EC Stories Artist's Edition*, and Michael Kaluta's lovely *Starstruck*. And some others we have not announced yet.

P: Lastly, we've got a new, exciting pricing structure for the Artist's Edition! Can you tell us a little bit about what inspired the change and what you hope this does for the line as a whole?

SD: Dirk Wood, our marketing guru (and Tom Waits voice impersonator!) spearheaded it. The idea was to make the discount structure better for retailers and to make the books more profitable for everybody, without really impacting the consumers. Hopefully we've achieved this goal!

Winner of the Hugo and Nebula awards for Science Fiction, as well as the MacArthur Fellowship "Genius" Grant, the late Octavia Estelle Butler brought a new voice to the worlds of Science Fiction, breaking down barriers of race and gender with her powerful, evocative works, including her multi-award winning novelette, Bloodchild. Now, Kindred, one of her most enduring and studied works, has been adapted into graphic novel format.

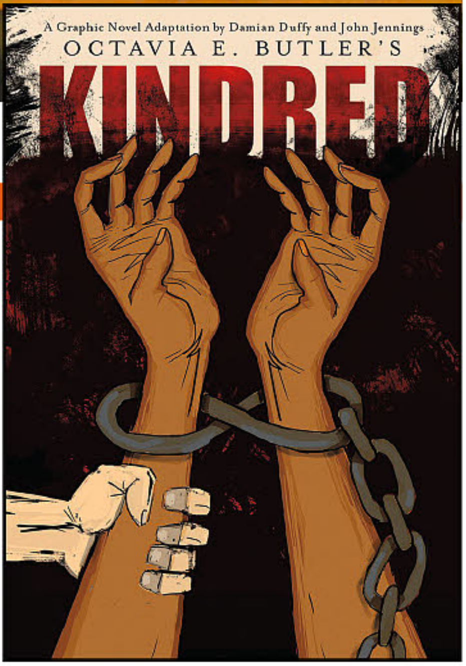
OCTAVIA BUTLER'S KINDRED GN

Recommended by Sarah

Any science fiction aficionado will recognize Octavia Butler's name. She pioneered new "norms" in speculative fiction with her minority and female protagonists. Her concepts were groundbreaking and her writer's voice unparalleled both for complex world-building and individual characterization. Countless awards and a lifetime's work later, you and I, gentle readers, are about to see her work made available in a whole new format. After nearly four decades since its first prose publication, *Kindred*, Butler's award-winning cross-generational science fiction odyssey, debuts this month as a graphic novel adaptation. Comic fans, we are so lucky!

Dana, an African-American woman of the modern era, repeatedly time-travels against her will to the plantation owned by her great-great-grandfather. Via these mysterious teleportations, Dana repeatedly rescues her white great-grandfather Rufus over the span of his life, always appearing when he needs her most. When he is a child, saving him is easy and gratifying, even if her method of travel is sudden and terrifying. As her ancestor ages, his troubles become more complex and his attitudes and assumptions are often hateful or degrading. Dana continues to save Rufus, knowing that until her own grandmother is conceived and born, she must keep her great-grandfather alive or she will cease to exist.

Butler's narrative casts a broad light on the evils of slavery to be sure, but more importantly, it brings out subtle shadows in the entirely human cast of characters both white and black. Further, and perhaps even more vividly, are the contrasts between historical and modern perspectives. Where these points of view meet and influence one another, the results yield understanding, healing, and hope.



Sci-fi super-star humanizes history with temporal travel, tackling tough topics with a tender touch!

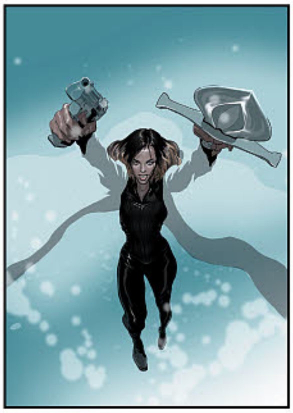
UNDERWORLD BLOOD WARS (ONE SHOT)

Recommended by Jonathan

The battle between Vampire and Lycan rages on in *Underworld: Blood Wars*, a new comic one shot coming in 2017 from Darkstorm Comics. Kevin Grevioux, creator of the *Underworld* franchise, makes his return to comics to expand on the stories featured in the fifth installment of the film series.



The *Underworld* franchise has solidified its place in modern cinema as the go-to for epic monster stories. Betrayed by the Vampires and hunted by the Lycans, Selene finds herself on the run yet again with no clear path for escape. Her longstanding fight with the Lycans reaches a tipping point, as the werewolves find a new leader determined to do anything that will give them the upper hand. This time they are after her blood, convinced that it will make the Lycans invincible.

The war is far from over, and the feud between Lycan and Vampire only grows stronger. Find out what happens in this can't-miss story!

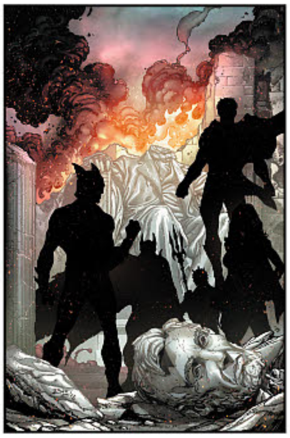
E.V.I.L. HEROES TP

Recommended by Trevor

For anyone familiar with Zenescope Entertainment, *E.V.I.L. Heroes* feels like a departure, perhaps even an inspired departure, from their usual fare. For the past year or more, Zenescope has been doing a lot of great work to grow beyond their branding as "that Grimm's Fairy Tale publisher." With this new undertaking, written by one of the company's founders, Joe Brusha, the mythology of the superhero is viewed through the scope of the old adage "absolute power corrupts absolutely." These characters have powers, but they definitely aren't heroes. These super-powered baddies drop on society like a nuclear bomb, quickly toppling the world's governments, and establish themselves as absolute rulers and Earth's new gods. The normal folk are left with a choice – bow down and submit or resist and risk the destruction of the entire human race.



The book has great art by art by Eric J, Crizam Zamora, and Marco Lesko which manages to reference familiar Zenescope imagery while also paying an incendiary tribute to classic superhero iconography. More to the point, it feels as if Zenescope is saying they are no longer content to just be "that fairy tale publisher" by taking the superhero mythos, America's own original fairy tales, and turning it all on its head.

E.V.I.L. Heroes reads as a declaration of intent from a publisher that is ready to challenge the status quo – both of a genre and of their own image in the industry at large.

THE RIFT #1

Recommended by Jay

It's not the first time Kansas has been the nexus of strange activity in comics but, this January, a new bizarre and "alien" phenomena is crash landing in "the wheat state" from Red 5 Comics. This time, however, the significant part isn't *where* it came from but, *when*.

The Rift refers to the fracture in space-time that unexpectedly opens up and allows a sole American fighter pilot to coincidently fly through and crash land in present-day Kansas. When a mother and son witness the crash, they help Lieutenant Cole, escape his fiery wreck and he's understandably confused to find himself 75 years in the future. For Cole, it's been only seconds since he last battled the Japanese fighter planes but, for the rest of us, his recent battle in World War II is now only a distant memory. While the mother, son, and Cole all struggle to comprehend the odd "time travel" event, a shadowy scientific organization has tracked the rift event and they are swiftly closing in on Cole. According to the scientists tracking Cole, the rift poses a far greater threat to our world than just a man "lost" in time.

I love a good time travel story so I'm always ready to try a book like this, but it's the quality of the story that keeps a series going and writers Richard Rayner and Don Handfield are crafting an engaging story that leaves readers eager to find out what's next.
